BACKGROUND

The Barbados Accreditation Council (BAC) is the sole government agency with responsibility for assuring the quality and integrity of post-secondary or tertiary education and training in Barbados. Its mandate includes:

1. The granting of *Certificates of Recognition of CARICOM Skills Qualification* in accordance with the provisions of the Caribbean Community (Movement of Skilled Nationals) Act, 2004 and related purposes; and
2. The examination and verification of *Certificates of Recognition of CARICOM Skills Qualification* granted to CARICOM nationals by a Member State for the purpose of giving effect to *Article 46 of the Revised Treaty of Chaguaramas*.

INTRODUCTION

The free movement of skills/labour basically entails the right of a CARICOM National to seek work or engage in gainful employment in all CARICOM Member States whether as a wage earner or non-wage earner, without the need to obtain a work permit in the Member State in which he/she desires to work.

A CARICOM National is, according to Article 32.5:(A) of the Revised Treaty, a person who is regarded as a National of a Member State. This is the case if such person:

- is a citizen of that State
- has a connection with that State of a kind which entitles him/her to be regarded as belonging to or, if it be so expressed, as being a native or resident of the State for purpose of the laws thereof relating to immigration.

Persons who are eligible for the Free Movement of Skills/Labour must be engaged in a legitimate economic activity in the CARICOM Single Market and Economy. There are currently no rights regarding free movement solely for the purposes of residency or permanent naturalization or citizenship. If a person just wishes to migrate from one CARICOM state to live in another, he/she must still apply for residency or citizenship, in accordance with the laws of that country.
